TOUR 44 July 4, 2003 Firecracker Cruise

John Adams: *The second day of July, 1776, will be the most memorable epocha in the history of America. I am apt to believe that it will be **celebrated** by succeeding generations as the great anniversary festival. It ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty. It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations, from one end of this continent to the other, from this time forward forever more. Letter to Mrs. Adams, July 3, 1776. Our Founding Fathers marked the **Fourth of July** as a day to celebrate the freedoms and traditions of our great country! One tradition that you won't want to miss is the breathtaking sight and sound of "bombs bursting in air" triggering the splatter of dazzling colors aglow in the midnight sky. Join us for an autumn day in the mountains! Travel to **Seven Springs** where a delicious lunch will be waiting for you. Then rest and relax in the fresh mountain air as you spend some free time exploring the beautiful mountain resort. Your day in the mountains continues with entertainment at **The Mountain Playhouse** and their production of **"Cowgirls."** The show is a musical comedy that focuses on a trio of accomplished female classical musicians. The group is mistakenly booked to perform at Hiram Hall, a *good ole boys* country western concert bar in Kansas. Jo, the club's owner, faces economic ruin if she cannot fill the place with paying customers. The trio convinces Jo to allow them the chance to transform themselves into legitimate cowgirl performers in time for the first performance. Meanwhile, the employees (a wannabe singer and a don't-call-me-trailer-trash Hiram Hall waitress) try to convince Jo to kick the three classical snobs out and let them headline the grand reopening. The show is a great time with plenty of good laughs and even more foot stompin', honky tonk fiddle tunes that will send you home dancin' in the aisle.

- The Allegheny River begins in the Appalachian Mountains of northern Pennsylvania and flows south into Pennsylvania and New York. It joins the Monongahela at Point State Park to form the Ohio River.
- The Ohio River begins at the juncture of the Allegheny and Monongahela rivers at "The Point" in Pittsburgh and runs nearly 1,000 miles to Cairo, Illinois where it joins the Mississippi.

As a tour director for Central Cab, **Barb Gernert** has spent many hours on the road with some of the most experienced drivers in the world. These drivers travel millions of miles not only on company tours but with charter groups as well. So, when Bill Phillips mentioned a day trip to the **Bob Evans Fall Festival** Barb was quick to put it on her *must do* list, and hopes you will join her for this day *down on the farm*. You will make the scenic pilgrimage with fall colors aglow to the original farm in Rio Grande, OH, where Bob and his wife, Jewell, raised six children. Plan for a mid morning arrival so you can spend the entire day browsing about the 1,000 acre farm showcasing an old time harvest festival. The festival offers over 150 unique craft displays, many made from tools and techniques of an era gone by. Demonstrations of spinning, weaving, handmade dolls, blacksmithing and butter making will provide you with a better understanding of the pioneer life as it was decades ago. For those not familiar with a working farm, stop at the barnyard for demonstrations of cow milking, sheep sheering, and horse shoeing. Be sure not to miss the merriment and animation of the corn shelling, egg toss, cow chip tossing, apple peeling, and sack races. The festival also includes horse drawn carriage rides, square dancing tractors, lumberjack shows, Bluegrass music, clogging, and plenty of food for your enjoyment. Bring the whole family so the children can wander through the hay bale maze, get a look at the barnyard animals, have their faces painted, and enjoy a hand led horse ride.
